Instructions for Completing Form ST-108A

Sections A, B, and C must be completed when sales tax is collected.

Sections A, B, C, and D must be completed when an exemption is claimed.

The ST-108A allows an auction (not registered as a dealer with the Bureau of Motor Vehicles) to indicate the amount of sales tax collected from a purchaser of a motor vehicle, trailer, or watercraft. The auction must report and remit the sales tax collected to the Department of Revenue.

The auction must sign the ST-108A certifying they have collected the sales tax, unless an exemption is claimed. Failure to sign the ST-108A will result in the rejection of the form by the license branch and the purchaser will have to return to the auction for the signature.

If an exemption from the tax is claimed, the purchaser must indicate a reason for the exemption and submit it to the license branch at the time of titling. ST-108A serves as an affidavit of exemption by the purchaser and lists the exemptions available. The purchaser must disclose their SSN (Social Security Number), TID (Taxpayer Identification), or FID (Federal Identification) number to claim an exemption.
